The Volunteers in Police Service are a group of ordinary citizens dedicated to exemplary community service and public awareness through the Dundee Police Department. They are a highly trained and motivated force of volunteer workers, performing non-hazardous police functions in the community. They assist the Department in the support services, patrol and community lead events. Their countless donated hours make the Village of Dundee a better place to live, work, play and shop.

Volunteers are not utilized to replace sworn officers, or other paid positions, but rather to enhance the overall efficiency of the department. Their efforts help reduce crime and increase the services that the Police Department can provide to the community.

So why do people volunteer their time and resources?

Doug Schultz has been with the program since it began. Doug was recently asked “Why?” He put it this way, “ The V.I.P.S. program is the most rewarding organization I have ever been associated with. The response from the community of Dundee has been very positive towards the volunteers.”
